

Art week SUMMER 2 WEEK 5:

This week, it is space art.

Task; **to design/draw an Alien from outer space!!!** (which shouldn't look like any of the Year 5 staff, if possible).

Some of the poetry work last week is about some aliens, so this your chance to be as creative as possible.....use a variety of materials/crayons/felts/mosaics etc. Reread the *MARROG* if you are stuck.

You could have the alien standing near or in your rocket designs from last week...

I have included a few visuals below to get you thinking/started.....but of course, we would prefer for you to design/draw your own.

Happy alien making.....
