

Yr 2 Topic Charles Darwin Learning Journey

This half term we will be learning about the fascinating life of Charles Darwin. I expect many of you know very little about him or indeed anything at all. Which is really exciting because you are about to learn sooo much! The life of Charles Darwin is really interesting and exciting. He was an Explorer Discoverer and most importantly a Naturalist- he was fascinated by nature and spent his whole life learning about it. There are some lovely creative tasks for you can have a go at... drawing or making a ship, drawing and colouring beautiful beetles and more. I am sure you will enjoy this! So here is our learning journey and by the end you will be an expert on Charles Darwin!

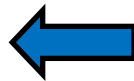

I will know what Charles Darwin did that makes him an important historical figure

I will know the name of the ship that he explored on and where he went.

I will know what life was like for Darwin on the ship during his amazing journey

I will know the things he enjoyed to do as a child.

I will know about the wonderful wildlife and habitat of the Galapagos islands
