

Class/Year: Year 4	Start Date: 20th April 2020		Finish Date: 22nd May 2020 (5 weeks)	Values: SMSC - protecting the environment.
		Hook: Out and About/ Habitats experiences		
		Rationale: The children will be given the opportunity to find out about the habitats that are present on the Isle of Wight, together with out and about experiences they will compare and learn about the wide range of plants and animals that exist.		
		Outcome: To create an information book about a chosen habitat.		
HABITATS	<p>Focus Area: Science</p> <ul style="list-style-type: none"> Recognise that living things can be grouped in a variety of ways. Explore and use classification keys to help group, identify and name a variety of living things in their local and wider environment. Recognise that environments can change and that this can sometimes pose dangers to living things. <p>Supporting Focus Area Geography:</p> <ul style="list-style-type: none"> Use field work to observe, measure and record the human and physical features in the local area, using a range of methods, including sketch maps, plans and graphs and digital technologies. Communicate geographical information in a variety of ways through maps and writing at length. 			<p>Supporting Focus Area Art:</p> <ul style="list-style-type: none"> Develop techniques, including control and use of materials with creativity, experimentation and an increasing awareness of different kinds of art, craft and design. Create sketchbooks to record their observations and use them to review and revisit ideas. Improve their mastery of art and design techniques, including drawing, painting and sculpture. Learn about local landscape artists.
