

Monday-Seasons and months of the year.

<https://youtu.be/SSI-SbVz2oA>

We know that it takes the Earth 1 year to orbit the sun but do you know how many months are in one year?

Can you name them all?

Watch Jack Hartmann and see if you can learn the months of the year.

Are there any special months for you and your family?

Discuss.

T-T-5234-Seasons-Video-Powerpoint.pptx

The year is split into 12 months but also 4 seasons. Can you name all 4 seasons?

Have a look at the wheel, there are 3 months to each season. Can you find the month we are in? What season is it in?

Find your birthday month, what season is it in?

Tree can be a great indicator of which season we are in.

Watch the clip below to see how a tree changes in each season
