

Maths - Summer Term 2 Week 3

Hi Year 5,

Maths is slightly different for the next few weeks- we are focusing on filling some gaps due to the lock down. If you need any support please do not hesitate to email us.

Different outcomes are covered over a 1 or 2 day period.

Most of these questions have come from <https://garyhall.org.uk/maths-resource>. so if you would like to challenge yourself this is a good site to go onto and also nrich for extensions.

Don't forget Times Tables Rockstars.

Monday 15-06-20

Know angles are measured in degrees:

Watch this YouTube video, it will explain about Angles.

<https://www.youtube.com/watch?v=2JSk0DC5q4g>

Produce a poster with all of the information you have gained by watching this video.

Tuesday 16-06-20

Estimate and compare acute, obtuse and reflex angles

Complete the attachment-Tuesday Maths

Wednesday 17-06-20

Recognise the per cent symbol (%) and understand that it relates to the 'number of parts per 100'

Watch the videos from the link below....

<https://www.bbc.co.uk/bitesize/topics/znjqtfr/articles/z8ws3k7>

Complete the attachment- Wednesday-Maths

Thursday 18-06-20

Write percentages as a fraction with 100 as the denominator and as a decimal fraction.

Complete the maths questions attachment Thursday-Maths

Friday 19-06-20

Complete the work given this week and then go on to Times Tables Rockstars
