

Week 5 Fluent in five and Learning for the week
Fluent in five

1)

$12.4 + 2.6 =$	

2)

$19.07 - 11.03 =$ (show as a formal calculation)

3)

$2.5 \times 100 =$

4) Write the equivalents of $\frac{1}{4}$ as a percentage and as a decimal

This week's learning objective

To multiply 2 digits by 2 digits using concrete, pictorial and abstract

Using this link- <https://whiterosemaths.com/homelearning/year-5/> work through SUMMER WEEK 3- there is a lesson to work on each day.

You need to watch the video and give it a go! (if unsure watch the video again) still unsure message me and I will support you through this.

If you are getting the questions correct then move on to the attached questions (the same structure as in class)
