

# Seasides Past and Present

# Aim

- I can locate seaside resorts in the four countries of the UK.
- I can understand what seaside holidays and resorts were like in the past and how they are today.

## Success Criteria

- I can explain that seaside resorts can be found in different countries in the UK.
- I can begin to name some of these seaside resorts, using a webcam to explore what these places are like.
- I know seaside resorts have changed over time and I can explain some of the features of seaside holidays in the past.
- I can begin to compare features of the seaside in the past and today.

# Seasides of the UK

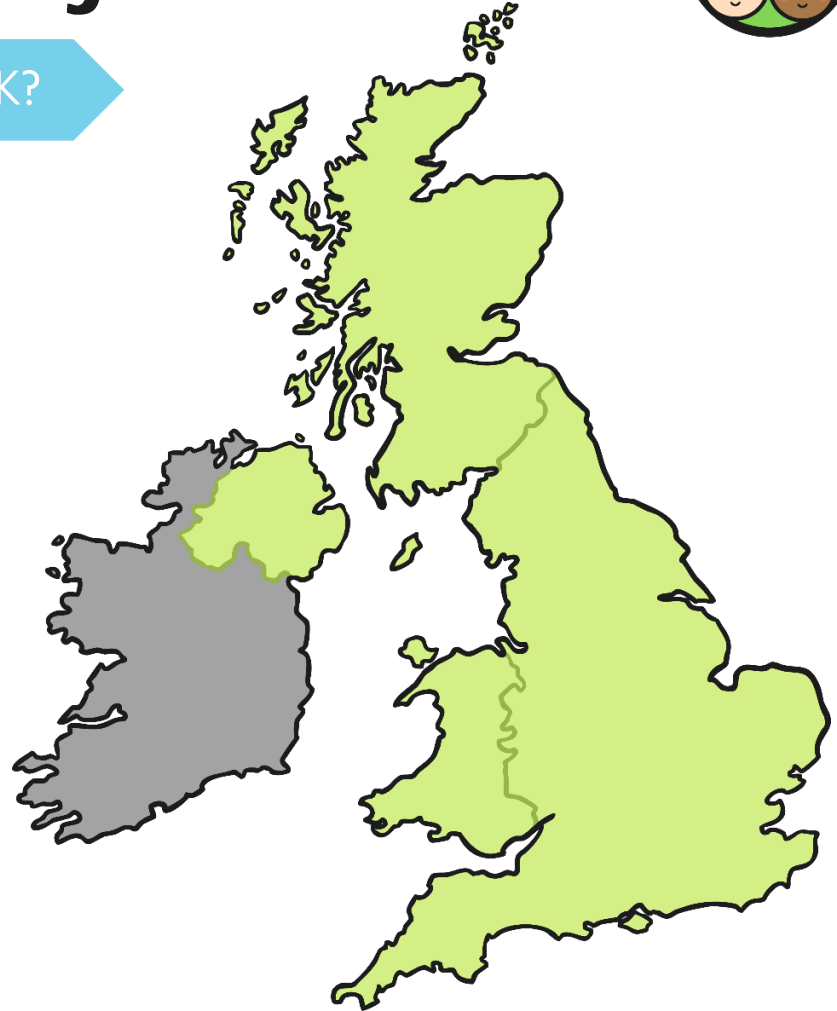

How many countries are there in the UK?

What are they called?

What are the capital cities?

Has anyone  
visited any seaside  
towns/resorts in  
these countries?

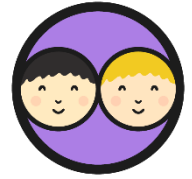

# Seasides of the UK

# Watch a Webcam

Using the Internet, you are going to watch what is happening at different seaside resorts. What questions could you ask to find out more about what is happening at these places? For example:

What is the weather like?

What jobs do people do here?

What activities can people do for leisure here?

Where might people be going in this picture?

# Seasides Past and Present

What are seaside resorts like today?

What activities happen at seaside resorts now?

## Victorian Seaside Holidays

Seaside holidays back then were very different. Most Victorians would go to a British seaside, such as Blackpool because flying to another country wasn't an option.

They believed that the seaside air was good for you.

Some beaches were divided for men and women.

Sunbathing wasn't in fashion back then, so the Victorians would go to the beach fully clothed. 'Sea bathing' was done instead.

Beaches were a lot cleaner back then as there weren't as many packaged foods and snacks.

# Now and Then

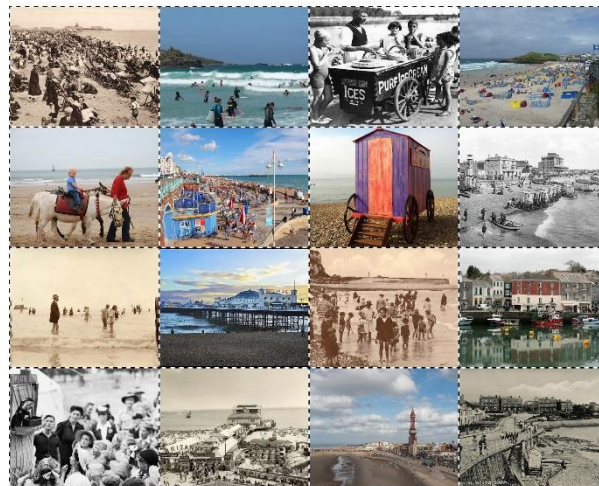

## ★ Now and Then Seaside Sorting

Sort the photographs into those which show seaside resorts in the past and those which show seaside resorts today.

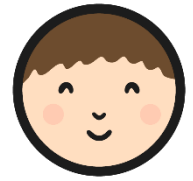

Then (past)	Now (present)

## ★ Now and Then Seaside Sorting

# Same or Different?

**Same**

**Different**
