

Shaker Maker

This lesson we will be making our own Musical Shaker.

Each Shaker will be a different size.

Each Shaker will have different dried food ingredients inside.

Each Shaker will have different amounts of dried food inside.

What kind of Shaker will you make?

What sound it will make?

Will it make a high or Low Pitch sound ?

The 3D shape we are using for our Shaker is called a **cylinder**.

These products below are all cylinders.
A cylinder can come in different sizes.
