

Year 2 Home Learning - Summer Term - Week 2, 27th April 2020

Hello,

Thank you for all your comments and photos showing the work you are busy doing at home.

Here are this week's ideas and activities to work on, when you can.

The table below lists the tasks we have chosen. All the instructions and activity sheets are in the folders in the Year 2 section of the Queensgate website. Remember, you can do all the activities in your book if you cannot get printed copies. Just copy the information you need.

English	<ul style="list-style-type: none">The next section to read in the book 'The Twits', by Roald Dahl is all about the nasty tricks they play on each other. <p>There are 3 tasks that should take about 30minutes each. Please read the instructions carefully as you work through, as there are some very important things to remember for when you do your writing.</p> <p>Reading comprehension - there are 2 reading tasks this week. Both have 3 different versions. Please choose the level that is best for you and answer the questions. Remember to highlight any words you do not understand, to ask a grown up for help if you are still not sure and to read it again to check for meaning - all before you start to answer the questions. (You could ask a grown up to read a more difficult version to you later on to find out some more information).</p> <p>Reading - continue to read a variety of books at home and, to read books online, use Bug Club - www.activelearnprimary.co.uk and Oxford Owl - www.oxfordowl.co.uk</p> <p>Phonics - you can play the games you know from class for free at - https://new.phonicsplay.co.uk/ (username: march20 password: home) and watch the videos & use the activities in the KS1 English/Phonics section at Discovery Education/Espresso, https://online.espresso.co.uk/espresso/login/Authn/UserPassword (login = Student16519 password = student)</p>
Maths	<ul style="list-style-type: none">This week we are learning about block diagrams - and revising efficient ways to add more than two numbers. <p>There are 2 activities for you to practise the block diagrams and an activity pack for adding numbers.</p> <p>Times Tables - use Rock Stars - www.ttrockstars.com</p> <p>Mental Maths - play quick-fire games at www.topmarks.co.uk</p> <p>10 minute maths - 5 quick quiz activities, one for each day</p> <p>Mini Assessments - 5 quick revision tasks to practise number facts</p>
Science	This week's science task is to explore 2 different microhabitats in your garden and do a survey to find out about the mini-beasts that live there.
Topic	For the 'Darwin' topic this week, we are learning about his life as a child. There is some information to read. You need to write about 6 things he enjoyed doing as a child and ...
Art/DT	... as part of the Darwin topic, there is creative task using things you can find in the garden.

Please keep sending us photos of your work and email us if you have any questions or news to share. Have a good week.

The Year 2 Team - Mrs Arnell, Mrs Billington, Mrs Gibbins, Mrs Bradbury & Mrs Cox
