

20th April 2020

Summer week 1

Good morning 5RA and 5PG

We hope you are all keeping safe and well and that you have had a good Easter.

We have attached (hopefully as you know very well that we are not great with computers!) a timetable with suggested ideas of how you may like to work this week, however, this is up to you and your family. You may choose to do a morning of maths and a morning of English. It is up to you!

As well as the attachments we would like you to continue to read a range of texts daily and to continue with the 'Telling the Time Challenge' if you can tell the time, you can start giving yourself questions ie: in 20 minutes what will the time be? Or how long is it until midday? Etc.

Also, we have really enjoyed the Jane Considine sentence stacking programmes she uses a lot of interesting film clips <https://www.youtube.com/watch?v=t5kzc2NVikc> and Maddie Moate Science Clips

Have a look see what you think! We have tried to make the work interesting and fun!!

Keep your work, send us photos as we would love to see what you are doing.

Any questions, please do not hesitate to email us.

Have fun

Mrs Adams and Mr Giles
