

Year 3

***La Météo* - The Weather**

Make sure you have the sound turned on before you start so you can hear how the French words are pronounced.

Watch a videoclip on Espresso:

https://central.espresso.co.uk/espresso/modules/t2_allez/video_weather/video_weather.html

Go to the Talking Dictionary and choose the Weather option. Click on each one and it will teach you how to talk about different weather in French.

There is a Snap game you can play to practise the French you are learning. You can adjust the slider to make it slower or faster. (It's in a different unit to the other activities – Le Monde, not Allez - but if you use the link, you'll be fine)
