

Year 4

En Famille – Families

Make sure you have the sound turned on before you start so you can hear how the French words are pronounced.

https://central.espresso.co.uk/espresso/modules/t2_enfamille/video_family/index.html

Watch the four videoclips. There are tabs to click on that show the meanings of especially tricky words. **Don't worry** if you can't understand all of it. You can watch it on full screen, or with the script alongside.

'La Famille Simpson'

There is a picture of a well-known fictional family (powerpoint document) to look at to help you learn the words you need.

Below there is a sheet you can use to write a sentence about who is in your own family. All the words you need are on the sheet. It doesn't matter if you print it out and write on the sheet, or copy the words you need to write your own complete sentence on some paper you have at home.

Ma famille

Bonjour.

Je m'appelle _____.

J'ai _____
_____.

un père - dad

une mère - mum

un frère - brother

une soeur - sister

deux - two

trois - three

et - and

Remember to add 's' for more than one -

(e.g. deux soeurss) and use **et** (and) to join parts of the sentence, just as you would in English. For step mums/dads/brothers/sisters, you just put **beau** in front for males and **belle** for females.
