A photograph of three ducks in a lush green field. In the center, a male mallard duck is shown in profile, facing right. It has a vibrant green head, a white neck ring, a reddish-brown breast, and a grey body with black wingtips. Behind it and to the left, a mottled brown duck is partially visible. To the right, the rear half of another mallard duck is visible, showing its white tail and black wing. The field is filled with tall green grass and a few small yellow wildflowers.
