

Skipping Days (and much more!)

Dear Families,

Dance Live

I am delighted to let you know that we are through to the final of Dance Live having come third in our heat. The date of the final is on **Friday 26th April**. You can purchase tickets directly from The Guildhall in Portsmouth (more details will be sent shortly). Rehearsals will resume on a Monday after school, starting on 26th February at 3pm in the hall.

Skipping Days

Lizzie, is once again, coming over to the Island to do some skipping workshops with the Queensgate children. This has been hugely popular in the past. Here is the timetable. World Book Day

World Book Day is on Thursday 7th March. Please visit <https://www.worldbookday.com/> to find out more. On the website there are free audio books to download and books to watch as well as activity ideas. Reading is such an important skill in life, but also opens a world of enjoyment for the children. Here at Queensgate we will be celebrating by the children dressing up as a book character of their choice on **Thursday 7th March**. It would be great if they could bring in the book that the character is from too. There will be prizes for the most brilliant ideas - one from each class.

Rainbow Raffle

Dear Parents,

Skipping Workshops **Skipping Workshops held on Monday 26th and Tuesday 27th February 2024.**

I am delighted to inform you that we have invited Skipping Workshops to work with our school, teaching different skipping skills to every class.

Skipping Workshops have presented demonstrations in over 3000 schools and are the longest most experienced company in the UK.

To help children & parents interested in encouraging skipping we have a series of brief videos that illustrate various skills & challenges <http://www.skipping-workshops.co.uk/videos/>

Their aim is to introduce modern and traditional skipping games including individual rope tricks, speed skills and Double Dutch, back into the playground and into the PE curriculum.

The same high quality '**speed ropes**' as used by the international team, will be available to buy or order using this form **just £5**. The ropes are made to a high standard, are light and turn easily to allow children and adults to progress rapidly. Colour change solar ropes are **£6**. Adult ropes are also available for taller children, older siblings and your personal fitness/weight loss etc at **£7** each, 4m 'family ropes' at **£8** each and 2 x 4m Double Dutch set for **£14**.

Please put your correct cash or cheque in an envelope with child's name class and which ropes you wish to purchase on the front and hand it to your teacher.

Ropes can also be purchased through our website www.skipping-workshops.co.uk with a small postage fee added. We can also sell ropes after school and except cards.

Yours sincerely,

Head teacher

Out and About

On Tuesday morning our **Reception** Out and About group visited the Donkey Sanctuary in Wroxall. The children enjoyed a tour led by one of the lovely volunteers, Debbie. She taught the children lots about what donkeys need, how they are cared for at the sanctuary and why they live there. The children were all extremely well behaved and listened carefully, learning lots of new facts about donkeys and ponies. The team at the Donkey Sanctuary were keen to pass on their thanks to all of the Reception families for their kind donations this term, which will go to fund food and veterinary care for the 117 donkeys they look after.

'We went to the Donkey Sanctuary. We stroked some donkeys - they were soft. They have big long ears. They ate some grass.' Reggie RBH

'Donkeys have hooves. Sometimes they have a mat outside to stand on because they don't like their hooves getting wet or muddy. Girl donkeys are called Jennys and boys are called Jacks. The donkeys that live at the sanctuary are there because people weren't looking after them properly. They like to eat carrots as a treat and they eat hay. I liked stroking the donkeys, they were so soft.' Harper RBH

The children in **Year 1** are learning all about animals this half term. The **1CE** Out and About team had a great time in the rain on Wednesday, at Newtown Harbour! The children had a very muddy walk, looking out for different birds. They spotted a black tailed godwit, lots of brent geese, a little egret, a swan and some mallard ducks. The children liked sheltering from the rain in the bird hide, where they enjoyed a hot chocolate and snack whilst they spotted more birds.

'We went to Newtown and we had a hot chocolate in the bird hide. We saw some birds and one was an egret. It was REALLY rainy and muddy. My favourite bit was seeing the birds in the bird hide.' Evelyn 1CE

'We saw a swan, a godwit and an oyster-catcher. It was rainy, we had to wear waterproofs. Mrs Jacobs fell in the mud and it was so funny! Then Mrs Klie got stuck in the mud too and her boot nearly came off and also my boot got a bit stuck. My favourite bit was when Mrs Klie's boot got stuck.' Raemarnie 1CE

Swimming

Another fantastic week of swimming lessons for Year 3 and 5. The children are all working so hard and striving to improve week upon week.

Eco Schools

Great news! The Eco Committee have held another meeting and put their ideas forward to Mrs. Sillito, who has agreed for a whole school Eco Day to go ahead in May. The Eco Committee are very excited about the project and have been discussing lots of great ideas. The Eco Day will be held on 24th May, which will be a Mufti Day. KS1 pupils will be asked to wear Green for the day and KS2 pupils will be asked to wear Blue for the day. Why? All will be revealed! Further information will be sent out nearer the time. We will be arranging assemblies, workshops and poster competitions to take place throughout the day with the support of various outside companies. Thank you to Miss Stone who has also kindly agreed to support the Eco Day by masterminding a Recycled Art project which will involve the children.

PS... It's still raining – we would love to be collecting the water. If you know anyone who can help with a water butt please let the office know. Thank you.

Did you know?

It is estimated that vehicle engine idling contributes to 40,000 deaths a year in the UK! Idling is an offence if the vehicle is left unattended. Fumes from idling vehicles contain harmful gasses, including carbon dioxide which is bad for the environment and contributes towards climate change. RAC research (rac.co.uk) found that 26% of vehicles caught idling are spotted outside schools. If you use the school car park at any time PLEASE turn your engine off, even if you are waiting in it. Thank you.

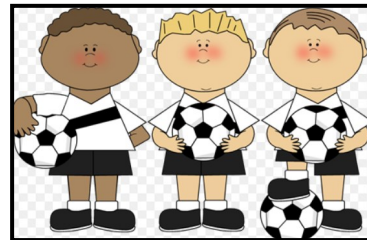

Eco Tip!

Save fuel when driving by:

- Not slamming on the brakes; avoid speeding up and slowing down too quickly
- Regulate your speed
- Check your boot for weight; are you carrying around needless items that add to the weight increasing your fuel consumption
- Avoid idling! It uses more fuel after 10 seconds than if you had switched your vehicle off and then on again

Queensgate Sports Report

On Tuesday, the Year 6 boys faced The Bay in the semi-finals of the cup. This was a massive game for the boys as not only would they get to the final if they won, but it was also their last game of the season if they lost. We knew we had a tough game on our hands as we had previously played The Bay in the Pokémon cup and they were very strong then. However, the boys went into the game positively with their heads held high. The game began and both teams were sharp from the off. The Bay were the first to create a few chances for themselves, but with a few quick counter attacks from the boys, the game looked like it could go either way. Unfortunately, it was The Bay who managed to score two goals in quick succession, making the score 2-0 going into the half time break. The boys were deflated at half time but with a quick team talk and having taken some water onboard they were well up for the second half. Despite the teams best efforts throughout the second half and a few chances going narrowly wide, the boys went onto lose the game 4-0. This was by no means a bad performance from the boys, they had just come up against a very strong side. It was a great achievement for the boys to have reached the semi-finals and they will continue to improve going into next season.

Wool donations

Thank you so much for all the donations of wool that we received for The Nest project. I am delighted to share with you what your donations have been turned into - worry monsters! Also there are some dress up clothes for the baby doll. A massive thank you to Sue Millington who so very kindly knitted all of what you see in the photo below. We have plans for even more of the same so again would kindly request any wool donations to be handed into the office - many thanks.

Attendance

Whole School Attendance since September is 95.23%

Whole School Attendance this week is 94.94%

KS1 Class with best attendance this week is 1CE with 98.85%

KS2 Class with best attendance this week is 4BM with 98.85%

Brooke P in 6LR

Just to give you an update - Brooke has raised £355 and had 15" of hair cut off. Both the money raised and the hair have been donated to The Little Princess Trust.

Car Park and Parking

Unfortunately, we have received a complaint from someone who lives in the estate opposite the school. Someone had parked in a designated bay and they were waiting for someone to arrive. Please could you be considerate about where you park. Also, please remember that access to the car park is for Blue Badge holders only. And is limited. Thank you

And Finally...

Thank you for attending parents/carers evenings this week - please do arrange a meeting if you weren't able to make it. Wishing you all a lovely weekend.

Best wishes,

Samantha Sillito
