Assistant Head: Clare Grant B.Ed (Hons)

Assistant Head: Peter Tilling B.Sc (Hons) NPQSL

Summer Term 2020

6LR newsletter

Dear parents/carers and pupils,

This is a very different newsletter to the one that would normally be sent out at the start of the summer term. I hope you are all keeping safe and are able to enjoy the time spent with your families.

I am aware that every family has different needs and different circumstances which I have tried to consider when planning some home learning work for the next couple of weeks. I have, where possible, made the tasks suitable for independent working. By this I mean that your child should be able to do most of the work on their own - at this stage in year 6 there is a big focus on the pupils working independently and they should know what this expectation means. It would be great if you could discuss their work with them and also reinforce basic skills. Some activities do require some support, particularly one of the science tasks, but hopefully you will be able to do that as a whole family investigation.

Whilst we are not at school, I will update the work both on the school website and by email (I will also do my best to deliver work packs when requested on a fortnightly basis). I am also more than willing to correspond on email if there are any issues and receive any examples of work which I will keep in a folder which could then also be shown to your child's high school (please use the class email account 6lr@queensgateprimary.co.uk). Please encourage your child to share ideas and what they have been doing on the padlet sites.

Please reassure your child that I am still hoping that we will return to school in time to do many of the usual year 6 summer term activities as I know some children are concerned about this- I am certainly still planning ahead to ensure that we can do as much as possible depending on what happens.

Take care, stay safe,

Miss Radcliffe

Working together for a successful future
